Internal Academic Audit

Academic Session -2018-2019

Faculty of Science

The Internal Academic Audit was conducted from 22 Feb 2019 to 22 Feb 2019. The members of the academic audit team visited the individual departments and interacted with the Head of the Departments and Faculty Members. Departmental records, departmental library, time table, student attendance registers and assessment records of students were analyzed by the team. Each department presented their departmental activities and their proofs in an organized way.

Observations:

The general observations are-

- More than 90% of the curriculum is covered up by the departments.
- Departments regularly take the feedback from the students, and which is analyzed by the IQAC thereafter.
- Many faculty members are conveners and members in board of studies.
- Students avail the learning materials provided by the departments.
- Books from departmental library are issued to the students to enhance their learning.
- Departments provide a supportive environment for teaching, learning, and student-centric academic activities like classroom teaching, assignments, projects, internships and study trips to various industries/research labs within and outside Kanpur.
- The passing percentage of the students in University examination is 95% in most of the departments.
- Students participate in various seminars, workshops, personality development programs, and career counselling sessions organized by the departments to prepare them career oriented.
- The mentorship sessions are conducted by the teachers regularly where students are provided with an opportunity to ask whatever problems and queries.

accredited 'B' by NAAC

- Science association organized many competitions and activities which make students more confident and job ready in various public and private sectors.
- The faculty members are actively involved in research as research guides and carrying out several research projects.
- The faculty members are committed to updating their subject knowledge and skills continuously through FDPs and participating in seminars.
- The facilities included well-equipped laboratories with instruments and chemicals, a rich museum specimens in Zoology Department, herbarium, botanical garden featuring diverse plant species, a pond housing aquatic plants help in teaching of plant sciences.
- Central Instrument Facility with instruments such as Laminar Flow Cabinet, Autoclave, Distillation Unit, Electrophoresis apparatus, Thermal cycler, Conductivity Meter, Digital Photo Colorimeter etc. are available for research work.
- Students actively participate in various social activities like Unnat Bharat Abhiyan, Swachhta Abhiyan,, Voter Awareness Program, via NCC, NSS and Rovers Rangers.

Suggestions:

General suggestions are given to all departments:

- Fostering a research-oriented mindset among students.
- Department can collaborate with other faculties of other departments like chemistry, botany, ecology, genetics and environmental science departments to enhance research and teaching.
- Optimizing the effective use of ICT in the teaching-learning process
- Exploring the introduction of new job-oriented courses.
- Increased possibilities for collaboration between the institution and industry in research and technology development.
- Requirement for more financial support for the purchase and maintenance of the instruments.
- Students should be motivated to access the college and the departmental library frequently.

Internal Academic Audit

Academic Session -2018-2019

Department of Teacher Education (B.Ed)

The Internal Academic Audit was conducted from 22 Feb 2019 to 22 Feb 2019. The members of the academic audit team visited B.Ed. department and interacted with the Head of the Department and Faculty Members. Departmental records, departmental library, time table, student attendance registers and assessment records of students were analysed by the team. The department presented their departmental activities along with proofs in an organized way. The general observations are-

Strengths-

- 100% seats are filled through written entrance examination and counselling conducted by U.P State Government.
- The department follows student centric learning methods for effective curriculum delivery. A detail unit wise plan for experiential and participate learning needs to be maintained for enhancing the learning experience of the students.
- The passing percentage of the students in department is 99%.
- The department maintains mentoring system.
- The department conducts capacity building and skill enhancement activities for the students. Placement of the students and progression to higher education are encouraging.
- Department polish the students by giving them opportunities like micro teaching, practice of teaching, block teaching, internship in different schools, perform psychological test for students, case study, class test for students, case study, class seminar, debate and quiz, cultural program, exhibition workshop, paper presentation etc.

DAYANAND GIRLS P. G. COLLEGE

accredited 'B' by NAAC

- Syllabus of B.Ed. offers 4 months internship for students in different Government and Public Schools. Guidance and career counselling organised by our department gives students many opportunities in jobs.
- The greatest strength of the department is to prepare quality teachers. All faculty members are well qualified and experienced.
- The faculty members are committed to updating their subject knowledge and skills continuously through FDPs, refresher courses and participation in national and international seminars and workshops.

Suggestions

- Financial support for, the purchase and maintenance of instruments is limited. The funds provided for educational trips excursion computer Labs for organised audio visual equipment and Labs are inadequate.
- As we are moving towards new technological era our student should be technological friendly so more focus should be given to techniques like a smart class, computer awareness and operations.

Internal Academic Audit

Academic Session -2018-2019

Department of Library & Information Science

The Internal Academic Audit was conducted from 22 Feb 2019 to 22 Feb 2019. The members of the academic audit team visited Library and Information Science department and interacted with the Head of the Department and Faculty Members. Departmental records, departmental library, time table, student attendance registers and assessment records of students were analysed by the team. The department presented their departmental activities along with proofs in an organized way.

Observations:

The general observations are-

- Maximum part of the curriculum is covered up by the department.
- The passing percentage of the student in the department is almost 100%
- Department provides a supportive environment for teaching and learning like classroom teaching, assignments, projects, internship and visits to different libraries in and outside Kanpur.
- The students are capable in critical thinking and problem solving as related to the Library & Information Science.
- Students avail from the well-equipped ICT Lab for their practical session.
- Many students get apprenticeship in college library Dhararani Pustkalya.
- Teaching faculty is well qualified and dedicated towards academic and practical activities.
- Teaching staff takes career counselling sessions as and when required.

Suggestions:

General suggestions to the department are

- Create awareness about the significance and scope of Library & Information Science conferences and seminars.
- Get apprentice for the students in different institutions.
